Anti Bullying Policy

S.N. AN CROÍ RÓ NAOFA, BELCLARE

1. In Accordance with the requirements of the Education (Welfare) Act 2000 and the Code of Behaviour Guidelines issued by the NEWB, the Board of Management of Belclare National School has adopted the following anti bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the Anti Bullying procedures for Primary and Post Primary schools which were published in September 2013.
2. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour.
 - A positive school culture and climate which is welcoming of difference and diversity and is based on inclusivity. (See Appendix 1)
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment.
 - involves collaboration among and between staff and pupils and promotes respectful relationships across the school community.
 - Effective leadership.
 - A school wide approach.
 - A shared understanding of what bullying is and its impact.
 - Implementation of education and prevention strategies (including awareness raising measures) that build empathy, respect and resilience in pupils and explicitly address the issues of cyber bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
 - Effective supervision and monitoring of pupils.
 - Supports for staff.
 - Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies) and ongoing evaluation of the effectiveness of the anti bullying policy.
3. In accordance with the Anti Bullying procedures for Primary and Post Primary schools bullying is defined as follows;

'Unwanted negative behaviour, verbal, psychological or physical conducted by an individual or group against another person (or persons) and which is repeated over time'

The following types of bullying behaviour are included in the definition of bullying;

- Deliberate exclusion, malicious gossip and other forms of relational bullying.
- Cyber bullying
- Identity based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the traveler community and bullying of those with disabilities or special educational needs.

Isolated or once off incidents do not fall within the definition of bullying and should be dealt with as appropriate in accordance with the school's code of behaviour.

However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour.

Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour.

This definition includes a wide range of behaviour , whether verbal or written, whether physical or social, whether targeting person or property, whether carried out directly or indirectly or through any electronic or other medium, which could harm a pupil or undermine his/her self-esteem or self-confidence.

Appendix 2 gives a list of specific examples of bullying behaviour. This list is not exhaustive.

4. The relevant teachers for investigating and dealing with bullying are as follows;
 - The class teacher initially.
 - Designated teacher; Stella Shally.
 - The Principal; Yvonne Ryan, thereafter as necessary.
5. The following education and prevention strategies, at the appropriate and relevant level for each class, will be used by the school (see Section 6.5 of the Anti-Bullying Procedures for Primary and Post-Primary Schools):
 - Prevention and awareness raising measures across all aspects of bullying and involves strategies to engage pupils in addressing problems when they arise. In particular, such strategies need to build empathy, respect and resilience in pupils.
 - Provide pupils with opportunities to develop a positive sense of self worth
 - Prevention and awareness raising measures focusing on cyber bullying by educating pupils on appropriate online behaviour, how to stay safe while online.
 - Teachers can influence attitudes to bullying behaviour in a positive manner.
 - There are a number of curriculum components and programmes which are particularly relevant to the prevention of bullying and the promotion of respect for diversity and inclusiveness. The SPHE curriculum makes specific provision for exploring bullying as well as the inter-related areas of belonging and integrating, communication, conflict, friendship, personal safety and relationships. The Stay safe & RSE programmes at primary level are personal safety skills programmes which seek to enhance children's self protection skills including their ability to recognize and cope with bullying. Various other social, health and media education programmes can further help to address the problem of bullying behaviour.
 - The work could be extended into many other areas such as Art, Drama, Religious Education and Physical Education. Co-operation and group enterprise can be promoted through team sports, school clubs and societies as well as through practical subjects.
 - Sporting activities in particular can provide excellent opportunities for channeling and learning how to control aggression. GAA and soccer coaching is offered to some classes from outside agencies and teachers are also involved in coaching the school's soccer and Gaelic teams.
6. The school's procedures for investigation, follow up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows (see Section 6.8 of the Anti-Bullying Procedures for Primary and Post-Primary Schools):

The primary aim in investigating and dealing with bullying is to resolve any issues and to restore, as far as is practicable, the relationships of the parties involved (rather than to apportion blame). With this in mind the schools procedures are as follows;

- I. In investigating and dealing with bullying, the teachers will exercise their professional judgement to determine whether bullying has occurred, what type if it has and how best the situation might be resolved.
- II. All reports of bullying must be investigated and dealt with by the relevant teachers. In that way, pupils will gain confidence in 'telling'. This confidence factor is of vital importance. It should be made clear to all pupils that when they report incidents of bullying, they are not considered to be telling tales but are behaving responsibly.
- III. Non-teaching staff such as secretaries, special needs assistants (SNAs), bus escorts, caretakers, cleaners must be encouraged to report any incidents of bullying behaviour witnessed by them, or mentioned to them, to the relevant teachers.
- IV. Parents and pupils are required to co-operate with any investigation and assist the school in resolving any issues and resorting, as far as is practicable, the relationships of the parties involved as quickly as possible.
- V. It is very important that all involved (including each set of pupils and parents) understand the above approach from the outset.
- VI. Teachers should take a calm, unemotional problem-solving approach when dealing with incidents of alleged bullying behaviour reported by pupils, staff or parents.
- VII. Initial investigations of bullying will be done in class where possible but some incidents might be best investigated outside the classroom situation to ensure the privacy of all involved.
- VIII. All interviews should be conducted with sensitivity and with due regard to the rights of all pupils concerned. Pupils who are not directly involved can also provide very useful information in this way.
- IX. When analyzing incidents of bullying behaviour, the relevant teachers should seek answers to questions of what, where, when, who and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner.
- X. If a group is involved, each member should be interviewed individually at first. Thereafter all whose involved should be met as a group. At the group meeting, each member should be asked for his/her account of what happened to ensure that everyone in the group is clear about each other's statements.
- XI. Each member of a group should be supported through the possible pressures that they may face from the other members of the group after interview by the teacher.
- XII. Where the relevant teachers have determined that a pupil has been engaged in bullying behaviour, it should be made clear to him/her how he/she is in breach of the school's anti bullying policy and efforts should be made to try to get him/her to see the situation from the prospective of the pupil being bullied.
- XIII. It may also be appropriate or helpful to ask those involved to write down their account of the incidents
- XIV. In cases where it has been determined by the relevant teachers that bullying behaviour has occurred, the parents of the parties involved should be contacted at an early stage to inform them of the matter and explain the actions being taken. The schools should give parents an opportunity of discussing ways in which they can reinforce or support the actions being taken by the school and the supports for their pupils.
- XV. It must also be made clear to all involved (each set of pupils and parents) that in any situation where disciplinary sanctions are required, this is a private matter between the pupil being disciplined, his or her parents and the school.
- XVI. Follow up meetings with the relevant parties involved may be arranged separately with a view to possibly bringing them together at later date if the pupil who has been bullied is ready and agreeable.
- XVII. An additional follow up meeting with parents of the children involved may take place after an appropriate time to ensure that the matter has been resolved satisfactorily.

Recording; noting and reporting of bullying behaviour is to be documented using the template for recording bullying behaviour (Appendix 3 & 4). All records must be maintained in accordance with relevant data protection legislations. The school's procedures for noting and reporting bullying behaviour will adhere to the following;

- A report must be investigated and dealt with by the relevant teachers. Teachers will use their professional judgement in relations to the records to be kept of these reports, the actions taken and any discussions with those involved regarding same and written record of all reported incidents kept in central file.
 - If it is established by the relevant teachers that bullying has occurred the teachers must keep appropriate written records which will assist his/her efforts to resolve the issues and restore, as far as is practicable, the relationships of the parties involved.
 - The relevant teachers must use the recording templates (Appendix 3 & 4) to record behaviour and steps taken.
7. The school's programme of support for working with pupils affected by bullying is as follows:
- Bullied pupils:
 - Ending the bullying behaviour,
 - Changing the school culture to foster more respect for bullied pupils and all pupils,
 - Changing the school culture to foster greater empathy towards and support for bullied pupils,
 - Indicating clearly that the bullying is not the fault of the targeted pupil through the awareness-raising programme,
 - Indicating clearly that the bullying is not the fault of the targeted pupil through the speedy identification of those responsible and speedy resolution of bullying situations,
 - After resolution, enabling bullied pupils to complete a victim-impact statement,
 - Making adequate counselling facilities available to pupils who need it in a timely manner,
 - Helping bullied pupils raise their self-esteem by encouraging them to become involved in activities that help develop friendships and social skills (e.g. participation in group work in class and in extra-curricular group or team activities during or after school).
 - Implementing a “buddy system” in the school (*if applicable*),
 - Bullying pupils:
 - Making it clear that bullying pupils who reform are not blamed or punished and get a “clean sheet,”
 - Making it clear that bullying pupils who reform are doing the right and honorable thing and giving them praise for this,
 - Making adequate counseling facilities available to help those who need it learn other ways of meeting their needs besides violating the rights of others,
 - Helping those who need to raise their self-esteem by encouraging them to become involved in activities that develop friendships and social skills (e.g. participation in group work in class and in extra-curricular group or team activities during or after school),
 - Using learning strategies throughout the school and the curriculum to help enhance pupils' feelings of self-worth,
 - In dealing with negative behavior in general, encouraging teachers and parents to focus on, challenge and correct the behaviour while supporting the child,
 - In dealing with bullying behaviour seeking resolution and offering a fresh start with a “clean sheet” and no blame in return for keeping a promise to reform.
8. **Supervision and monitoring of pupil;** The Board of Management confirms that appropriate supervision and monitoring policies and practices are in place to both prevent and deal with bullying behaviour and to facilitate early intervention where possible.
9. **Prevention of Harassment** The Board of Management confirms that the school will, in accordance with its obligations under equality legislation, take all such steps that are reasonably practicable to prevent the sexual harassment of pupils or staff or the harassment of pupils or staff on any of the nine

Appendix 1 Practical tips for building a positive school culture and climate.

The following are some practical tips for immediate actions that can be taken to help build a positive school culture and climate and to help prevent and tackle bullying behaviour:

- Model respectful behaviour to all members of the school community at all times.
- Explicitly teach pupils what respectful language and respectful behaviour looks like, acts like, sounds like and feels like in class and around the school.
- Display key respect messages in classrooms, in assembly areas and around the school. Involve pupils in the development of these messages.
- Catch them being good - notice and acknowledge desired respectful behaviour by providing positive attention.
- Consistently tackle the use of discriminatory and derogatory language in the school – this includes homophobic and racist language and language that is belittling of pupils with a disability or SEN.
- Give constructive feedback to pupils when respectful behaviour and respectful language are absent.
- Have a system of encouragement and rewards to promote desired behaviour and compliance with the school rules and routines.
- Explicitly teach pupils about the appropriate use of social media.
- Positively encourage pupils to comply with the school rules on mobile phone and internet use.
- Follow up and follow through with pupils who ignore the rules.
- Actively involve parents and/or the Parents' Association in awareness raising campaigns around social media.
- Actively promote the right of every member of the school community to be safe and secure in school.
- Highlight and explicitly teach school rules in pupil friendly language in the classroom and in common areas.
- All staff can actively watch out for signs of bullying behaviour.
