Anti-Bullying Policy

Introduction

SN an Croí Ró Noafa is a Co-Educational Roman Catholic School in the archdiocese of Tuam.

This document is primarily used for child-to-child peer interactions. Bullying between child/adult will be addressed within child protection protocols and procedures. Adult to Adult interactions will be dealt with in existing employment legislation procedures.

SN an Croí Ró Noafa's school community believes that each pupil has a right to an education free from fear and intimidation. Student behaviour in the school is managed without fear or coercion. Professional codes of conduct for teachers require consistent implementation by each staff member. Children are taught about their rights and responsibilities. People have rights. As individuals, we have a responsibility to ensure other people's rights are valued and respected by us. Each person in the school is expected to-

- Respect the integrity of the child's family, all families are different.
- The school regards bullying behaviour as a serious infringement of individual rights and a serious threat to the self-esteem and self-confidence of targeted pupils. Therefore, it does not tolerate bullying of any kind.
- Every report of alleged bullying is treated seriously and dealt with, having due regard for the well-being of the targeted pupils and the perpetrator/s. The immediate priority, should a bullying incident occur, is ending the bullying (thereby protecting the person(s) being targeted) and resolving the issues and restoring the relationships involved insofar as is practicable using a reform, not blame approach.
- All pupils are expected to contribute to the creation and maintenance of a safe environment in the school. On becoming aware of any bullying situation, in or outside the school, involving members of the school community they should notify a trusted responsible adult. Bullying behaviour is too serious not to report.
- Pupil's participation in school life in general is encouraged through existing school structures.
- Awareness of bullying and willingness to take action to prevent or stop it, is a part of this participation.

Anti-Bullying Policy

1. In accordance with the requirements of the Education Welfare Act 2000 and the code of behaviour guidelines issued by the National Education Welfare Board NEWB, the Principal and the Board of management of SN an Croí Ró Noafa have developed this Anti- Bullying policy within the framework of the school's overall code of behaviour. The policy fully complies with the requirements of the Anti- bullying procedures for primary and Post Primary Schools, which were published in 2013.

2. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of the pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour.

- A Positive school climate which is welcoming of difference and diversity and is based on inclusivity.
- Models respectful behaviour to all members of the school community at all times.
- Explicitly teaches pupils what respectful language and respectful behaviour looks like, acts like and feels like in class and around the school. Consistently tackles the use of discriminatory

and derogatory language in the school- this includes homophobic and racist language and language that is belittling of pupils with a disability or SEN.

Bullying Surveys are conducted anonymously by each class from 1st class upwards on the 1st Monday of each month. Thus allowing children to “report” any issues which may be occurring anonymously to their class teacher.

- Displays key respect messages in classrooms, in assembly areas and around the school. Pupils are involved in the development of these messages.
- Catches children ‘being good’-notices and acknowledges desired respectful behaviour by providing positive attention.
- Gives positive feedback to pupils when respectful behaviour and respectful language are absent.
- Has a system of encouragement and rewards to promote desired behaviour and compliance with the school rules and routines. Highlights and explicitly teach school rules in pupil friendly language in the classroom and common areas.
- Explicitly teaches appropriate use of social media.
- Positively encourages pupils to comply with the school rules on mobile phone and internet use.
- Follow up and follow through with pupils who ignore the rules.
- Actively involves parents in awareness raising campaigns around social media.
- Actively promotes the right of every member of the school community to be safe and secure in school.
- All staff watches out for signs of bullying behaviour.
- Encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment.
- Promotes respectful relationships across the school community.
- Effective leadership.
- A school wide approach- a shared understanding of what bullying is and its impact.
- Implementation of education and prevention strategies (including awareness raising measures) that build empathy, respect and resilience in pupils and explicitly address the issues of cyber bullying and identity-based bullying.
- Effective supervision and monitoring of pupils.
- Supports for staff.
- Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies and ongoing evaluation of the anti-bullying policy.)

Definition:

In accordance with the Anti-bullying procedures for primary and Post Primary Schools bullying is defined as follows-

“Bullying is unwanted negative behaviour, verbal psychological or physical conducted by an individual or group against another person(s) and which is repeated over time”.

The following types of behaviour are included in the definition of bullying:

- Deliberate exclusion, malicious gossip and other forms of relational bullying.
- Cyber bullying
- Identity based bullying such as homophobic bullying, bullying based on a person’s membership of the travelling community and bullying of those with disabilities or special educational needs.

- Isolated or once off incidents of intentional or negative behaviour, including a hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate (depending on the severity) in accordance with the school's code of behaviour.
- However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network or site or other public forum where that image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour. As early as first-class children will be taught the potential of harmful images or statements on a social network.
- Negative behaviour that does not meet this definition of bullying will be dealt with in accordance with the school's code of behaviour. This definition includes a wide range of behaviour, whether verbal or written, whether physical or social, whether targeting person or property, whether carried out directly or indirectly or through electronic or other medium, which could harm a pupil or undermine her/his self-esteem or self-confidence.
- Specific examples of bullying behaviour are outlined in appendix 1 and Section 2 of Anti-bullying Procedures for Primary and Post Primary Schools. Appendix 2 has advice for pupils and parents.

The relevant teachers for investigating and dealing with bullying are as follows-

- ❖ **Mrs. Agnes Martyn (Principal)**
- ❖ **Mrs. Bernadette Finnegan (Deputy Principal)**
- ❖ **Ms. Shally, Mrs. Emer Walsh and Mr. Gary Sice (Special Duties Teachers)**

Education and Prevention Strategies- aimed at cyber-bullying and identity-based bullying used by the school are as follows-

1. The anti-bullying module of the SPHE programme as it applies during each school year. The Stay Safe and RSE programmes at primary level are personal safety skills programmes which seek to enhance child's self-protection skills including their ability to recognise and cope with bullying. Various other social, health and media education programmes can further help to address the problem of bullying behaviour.
2. Art, drama RE and PE are areas where cooperation and respect can be promoted. Sporting activities in particular can provide excellent opportunities for channelling and learning how to control aggression. GAA and soccer coaching is offered to senior pupils.
3. At least 5 awareness-raising exercises per school year for each class group 2nd to 6th pro-actively explaining the nature and variety, causes, consequences and unacceptability of bullying.
4. Pupils are helped to examine the issue of bullying in a calm, rational, age-appropriate manner, outside of the tense context of particular bullying incidents. In the process they are made more aware of the nature of the bullying and the various forms that it can take.
5. Pupils are made aware that the consequences of bullying behaviour are always bad for those who are targeted, even if this is not always obvious at the time.
6. Pupils are encouraged to recognise, reject, report bullying behaviour, either spontaneously or through questionnaires that are regularly used in the school. They are reminded that it is a 'telling' school. Talking to adults about incidents of bullying are helpful to both the bully and the bullied. Children are encouraged to talk to their parents at home about everything that happens in school.
7. They will know who and how to tell- i.e.- a direct approach to teacher at an appropriate time, for example after class, hand up a note with homework, make a phone call to the school or to

a trusted teacher in the school, get a parent/guardian/friend to tell on your behalf, administer a confidential questionnaire once a term to all pupils, ensure bystanders understand the importance of telling if they witness or know that bullying is taking place

8. Any pupil or guardian, teaching and non-teaching staff must report any incidences of bullying behaviour witnessed by them, or mentioned to them to the relevant teacher.

9. Through presentations or other exercises, the school staff and parents/guardians are made aware of the nature of bullying and the signs that might indicate a pupil is being bullied. They are encouraged to be vigilant in watching out for signs of bullying and to report any suspicion of bullying they may have to the 'Relevant Teacher' (in the case of staff members) or any staff member (in the case of parents /guardians)

Procedures for investigating alleged bullying behaviour.

The school's procedures for investigation, follow up and recording of bullying behaviour and the established intervention strategies used by the school for dealing with cases of bullying behaviour are as follows-

- The relevant teacher, normally the class teacher investigates all incidents of reported or suspected bullying behaviour, whether within the school or outside it, with a view to establishing the facts and bringing any such behaviour to an end.
- The school through the relevant teacher reserves the right to ask any pupil to write an account of what happened as part of the investigation. This will be a standard procedure and does not necessarily imply that a pupil is guilty of misbehaviour.
- Pupils who are alleged to have been involved in bullying behaviour are interviewed by the relevant teacher using open ended questioning-

Examples of Questions

1. Are you happy with the atmosphere in your class?
2. Who are your friends?
3. Are you being bullied in any way? (If the answer is yes, gather details and reassure the pupil that the problem will be addressed.)
4. Is there anyone in the class being picked on or having a hard time?
5. Is anyone being left out, or ignored?
6. Is there anyone spreading rumours or gossip, or using notes, phone calls or text messages to make others feel bad about themselves?
7. Is anyone being unfair to others?
8. Is there a group of pupils making life difficult for others?
9. Are pupils from other classes giving anyone in this class a hard time?
10. Can you give examples?
11. Who do you think is causing the problem?
12. What can you do to help students who are having a hard time?
13. Have you been bullying anyone?

Questions are used to establish the nature and extent of the behaviour and any reasons for it. In the event that they have been involved in bullying behaviour they are asked to sign a binding promise that they will treat all pupils fairly, equally and respectfully including the targeted pupil(s).

- The relevant teacher does not apportion blame but rather treats bullying behaviour as a 'mistake' that can and must be remedied. S/he emphasises that the intention is not to punish perpetrators but to talk to them, to explain how harmful and hurtful bullying is and to seek a promise that bullying will stop. If that promise is forthcoming and is honoured there will be no penalty and that will be the end of the matter.

- Pupils who report bullying are therefore not getting others ‘in trouble’ so much as enabling them to get out of trouble into which they may ultimately get if the bullying continued.
- When an investigation is completed and/or bullying situation is resolved the ‘Relevant Teacher’ will complete a report, to include the findings of the investigation, the strategy adopted and the outcome of the intervention, as well as any other relevant information.
- If a pupil has signed a promise but then chooses to break that promise and continue the bullying behaviour, this can no longer be considered a mistake. In this event parents/ guardians will be informed and requested to countersign their daughter/son’s promise. Breach of this additional promise is regarded as a grave matter and a serious sanction may be imposed by the school authorities. (See sanctions below)
- The parents of the bullied child will also be informed. A meeting will be arranged with the relevant teacher and principal to speak to the parents of the bullied child and the school’s programme for supporting pupils who have been bullied, a plan of action will be decided and agreed between all relevant parties.
- All documentation regarding bullying incidents will be securely retained in the school until the children involved reach 21 years of age. (9 years after the child leaves 6th class).

Sanctions

Where a child has been found to be engaged in bullying behaviour, has formally promised to stop and has broken that promise, any of the following sanctions may be imposed. S/he may be required to sign another promise, this time countersigned by a parent/guardian. Parent/guardians may be contacted by the relevant teacher and informed of the nature and extent of the bullying behaviour with a view to agreeing a strategy whereby a promise to end the bullying behaviour would be honoured. Parents / guardians may be invited to a meeting with the relevant teacher and the Principal and the pupil may be suspended from the school. The case may be referred to the board of management and the pupil may be expelled from the school.

The Schools programme of support for working with pupils affected by bullying is as follows –

Bullied Pupils

- ❖ Ending the bullying behaviour
- ❖ Ensuring the school culture fosters respect and empathy for bullied pupils and all pupils.

Supervision and Monitoring of pupils

The board of management confirms that appropriate supervision and monitoring policies and practices are in place to both prevent and deal with bullying behaviour and to facilitate early intervention where possible. The board of management confirms that the school will in accordance with its obligations under equality legislation, take all such steps as are reasonably practicable to prevent the harassment of pupils or staff on any of the 9 grounds specified- i.e. gender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.
