Introductory Statement

This policy is concerned with

- 1 Reflecting our mission statement
- 2 Clarity of understanding of procedures and roles of responsibility for all parties – pupils, parents, teachers and Board of Management.
- 3 Promotion of effective homework and a positive homework experience
- 4 Ensuring that each child has homework with which she/he can cope
- 5 Ensuring that parents and other agencies are informed and involved, as appropriate, with homework.

Aims:

The policy aims to:

- 1 Provide clear understanding of the roles and responsibilities by all parties involved in homework.
- 2 Ensure completion of appropriate homework by each individual child.
- 3 Ensure that homework is a “stress free experience” for each individual child and for his/her family
- 4 Reinforce work done in school
- 5 Involve parents as partners in the education of their children.
- 6 Ensure that all parties are aware and informed on school policy on homework and procedures which will facilitate the completion of homework

Rationale for Policy

Regular homework is a valuable aspect of the learning process and contributes to the development of sound study skills. It consolidates and supplements the work done in class and promotes independent learning and creativity. Being involved in homework helps to inform parents of what their child is doing at school, is an indication of the child’s ability or lack of it and is given to consolidate their school work.

Goals of this policy

1. to ensure consistent approaches to the setting and reviewing of homework across the school
2. to ensure an equitable distribution of study-time for each subject
3. to reduce pressure on students as a result of homework overload
4. to enhance the academic achievements of the student and to evaluate progress
5. to encourage parents to take an interest in and share responsibility for their child's work and progress.

How will Parents be informed?

- 1 Homework guidelines will be provided for parents by each teacher at the beginning of the school year by a newsletter from the teacher.
- 2 Homework will not be allocated at weekends
- 3 All pupils from first class upwards will use a homework diary which will be signed by parent/guardian each evening. .
- 4 5th & 6th class pupils will take full responsibility for completing their work However, if pupils choose not to accept this responsibility, then the class teacher will have to inform parents and ask the parents to resume taking this responsibility until the pupil is mature enough to do so, themselves.
- 5 Homework will be clearly displayed during the day in each classroom. Children will be given time to take down their homework. The Infant teacher will provide homework daily for junior / senior infants by dating appropriately.
